HOW I WORK

Curious by default. I enjoy understanding how things work, improving the small details and turning ideas into useful, well-organised results.

BEST FIT

- INVIGATION
- EVALUATION
- ACADEMIC SUPPORT
- EVENTS / OPERATIONS

CORE STRENGTHS

- Rigorous with timing, standardized procedures and strict guidelines.
- Clear, objective communication in Spanish and English.
- Strong analytical skills and attention to formal details.

Alberto Medina

Computer Engineering student · Methodical & detail-oriented

I am a meticulous student about to begin a Computer Engineering degree, bringing practical experience in managing independent projects and a strong analytical background. I offer **advanced working English, strict adherence to procedures, and a mature, objective approach** to professional environments.

I am looking for responsible part-time roles where I can apply my analytical skills, reliable time management, and clear communication to academic or evaluative processes.

01 Education & English

- 2026 - 2030 **Computer Engineering degree - starting in 2026**
University studies focused on software, computing systems and engineering foundations, developing a highly logical and structured mindset.
- 2026 **Spanish Baccalaureate (Bachillerato) - SAFA**
Completed upper-secondary education (Science and Technology) at Colegio Sagrada Familia, cultivating strong analytical problem-solving and rigorous study habits.
- JUN 2026 **Cambridge English: C1 Advanced - examination completed**
Result pending. Highly confident in formal writing, complex grammatical structures, and real-time conversation. Deeply interested in syntactic analysis and linguistic accuracy.

LANGUAGES

- Spanish Native
- English B2+ / C1 working proficiency

WORKING STYLE

- Care with strict procedures and accuracy.
- Highly reliable with timing and schedules.
- Professional, impartial communication.
- Analytical, detail-focused approach.

02 Practical experience

INDEPENDENT FREELANCE EXPERIENCE

Digital project management & client delivery

2024 - 2025

Independently managed paid projects for international clients, demonstrating responsibility and maturity. Strictly adhered to client briefs, quality rubrics, fixed deadlines and formal delivery protocols, ensuring precise bilingual communication throughout.
