HOW I WORK

Curious, patient and organised. I enjoy understanding how systems and ideas work, improving small details and explaining them clearly in a way that adapts to the needs and pace of others.

BEST FIT

- DIGITAL PROJECTS
- OPERATIONS & SUPPORT
- ACADEMIC SUPPORT
- PART-TIME ROLES

CORE STRENGTHS

- Clear, thoughtful communication in Spanish and English.
- Patient and calm when helping others understand new ideas.
- Reliable with timing, procedures, deadlines and follow-up.
- Confident with technology, new systems and practical troubleshooting.

TECHNOLOGY · ENGLISH · CLIENT WORK

OPEN TO PART-TIME & PROJECT OPPORTUNITIES

Alberto Medina

Incoming Computer Engineering student · Technology-minded problem solver

I am a technology-minded student about to begin a Computer Engineering degree, with practical experience delivering paid digital work to international clients. I bring **strong working English, attention to detail and a patient, genuinely helpful approach** to every role.

I am looking for responsible opportunities where I can contribute through digital skills, organisation, clear explanations and reliable follow-through.

01 Education & English

2026 - 2030 — Computer Engineering degree · UNIE Universidad — starting in 2026
Upcoming university studies focused on software, computing systems and engineering foundations, while continuing to develop practical technical projects alongside my degree.

JUN 2026 — Cambridge English: C1 Advanced
Cambridge English Scale score: 179 · CEFR Level B2. Long-term experience with Cambridge English qualifications, from Pre A1 Starters and A1 Movers through to B1 Preliminary, B2 First and C1 Advanced.

2024 - 2026 — Spanish Baccalaureate - Science and Technology
Completed upper-secondary education and the university entrance process at Colegio Sagrada Familia (SAFA), combining academic study with independent creative and technical projects.

LANGUAGES

Spanish	Native
English	Certified B2 · Cambridge score 179

WORKING STYLE

- Professional and friendly communication.
- Care with procedures, accuracy and timing.
- Patient explanations adapted to different learning paces.
- Quick learning with new systems and tools.

02 Experience & training

INDEPENDENT FREELANCE EXPERIENCE · FIVERR

Digital projects & client delivery

2024 - 2025

Completed paid digital projects for international clients, independently managing briefs, requirements, revisions, deadlines and final delivery. The work combined creative and technology-focused tasks, digital media, web-oriented content and clear bilingual client communication.

SELECTED SCHOOL MEDIATION TRAINING

Peer mediation programme

2020 - 2021

Selected as one of 3 students from a group of 70+ for the school's mediation programme. Completed additional after-school training with an external specialist focused on active listening, communication, mediation and conflict resolution.
